

A CHAIN POEM TO OUR FRIENDS FROM BAGGIUM

Dear every one of you Hekima family member
Member of a community of optimistic slumber
Slumbering but everything we always remember
Remember God has just added us a new number

Number is a great aspect in a united solidarity
Solidarity a pre-requisite to reduction of scarcity
Scarcity leads to underdevelopment and unpopularity
Unpopularity we all very much hate till eternity

Eternity is for those who work diligently in unity
Unity with our Baggium friends in common identity
Identity of sharing in love not meaningless priority
Priority to both of us is education in human society

Society is now badly in need of strong united effort
Effort to eradicate ignorance for everyone's comfort
Comfort from disease and poverty is meaningful comfort
Comfort of real development without cosmetic pivot

Pivoting Hekima-Baggium solidarity are three gallant friends
Friends Mr Bert Ms Linda and Ms Elenore are wonderful friends
Friends venturing in a remote tinny Hekima to make new friends
Friends, thanks; together we shall create things of useful trends

Trends of exchange are undoubtedly of mutual benefits
Benefiting students and teachers to keep their minds fit
Fitting in this global village full of a number of misfits
Misfits we all need to totally transform from head to feet

Feet, yards, miles together we shall go very long distances
Distances of cooperation without any suspicious incidences
Incidences we adopt should be those of exemplary instances
Instances of openness, trust, dedication in our both places

Places of Sweden and Tanzania, Hekima and Baggium
Baggium-Hekima will be a communicating medium
Medium of thousands of coordination as in a stadium
A stadium full of valuable ideas to sustain our curriculum

Our curriculum so informal but wonderfully practical
Practical for bilateral convenience and yet economical
Economically activating and again realistically clinical
Clinically effected like an efficient doctor on the call

The call is for all us students, teachers to be on standby,
Standby to sustain this relationship as we all say goodbye,
Goodbye Mr Bert, Ms Elenore and Ms Linda goodbye,
Goodbye and thanks on our side to confidently stand by

By and large we ask God all of our plans to always dispense
Dispense love and piety in order to remain in everlasting peace
Peace we so much treasure and will never let away a single piece
A piece of mind is that we all try not to make this world any worse

THANKS DEAR FRIENDS AND GOODBYE
TOGETHER WE STAND; DIVIDED WE FALL
YOU ARE ALWAYS WELCOME TO HEKIMA
REGARDS TO ALL OUR BAGGIUM FRIENDS
